

## PRIVACY IMPACT ASSESSMENT SUMMARY

System Name: OCR DTS  
Managing Office: USAID/EGAT

---

**SUMMARY:** The United States Agency for International Development (USAID) gives notice that it has conducted a Privacy Impact Assessment (PIA) for the Office of Civilian Response Deployment Tracking System (OCR DTS). The summary of the PIA is provided below.

### **What elements of PII are being collected?**

The DTS collects the following data elements: Full Name, Date of Birth, Height/Weight, Hair/Eye Color, Blood Type, Religion, Citizenship, Home Address, Home Phone Number, Mobile Phone Number, Emergency Contact, Next of Kin, Passport Number, Social Security Number, Medical Clearance Information, Security Clearance Information, Military Service, and Driver License Number.

### **Why is the PII being collected?**

To identify and manage individuals with the proper credentials for deployment.

### **What opportunities are provided to individuals to consent to the use of this information collection?**

This information is mandatory for any individual in the Civilian Response Corps.

### **What is the Agency's intended use of the information?**

To establish, manage and track relevant teams for deployment by sector experience, training, education etc.

### **Who has access to the information?**

Appropriate USAID Office for Civilian Response staff and appropriate offices within other U.S. Government Agencies for purposes of administering the Civilian Response Corps.

### **What authorities permit the collection of this information?**

National Security Presidential Directive 44, Supplemental Appropriations Bill for Fiscal year 2008, H.R. 2642-7, and Foreign Assistance Act of 1961.

### **Information Security**

Access to data is controlled through the use of user id, password and role-based privileges within the system.

### **Does this collection require a System of Record Notice?**

Yes. A system of record notice for the existing OCR DTS was completed and an updated system of record notice is currently being established. This system will not be operational until it has met all statutory requirements.
