

USAID | ETHIOPIA

FROM THE AMERICAN PEOPLE

SUMMARY OF MAJOR PROGRAMS	BUDGET (IN MILLIONS)		
	FY 2014	FY 2015	FY 2016
INVESTING IN PEOPLE			
Basic Education Services: The education program focuses on basic education with a nationwide project aimed at improving the early grade reading skills of children in primary schools. USAID works closely with the Ministry of Education, other donors, and development stakeholders to create an education sector that has the capacity to manage and lead its schools. The higher education activities create partnerships among American universities, implementing partners and Ethiopian universities.	\$35	\$25	\$27
Maternal-Child and Reproductive Health: In partnership with the Ministry of Health, activities expand and improve primary health care, nutrition and family services, especially reproductive, maternal and child health and manage infectious disease such as tuberculosis. FY 2016 includes \$2.5 million from South Korea's KOICA.	\$93	\$93	\$98
Malaria Control: As part of the President's Malaria Initiative (PMI), activities with the Ministry of Health work to prevent and control malaria by spraying households with residual insecticide, distributing insecticide-treated mosquito nets, and delivering diagnostic tests and antimalarial drugs. PMI works to expand proven preventive and treatment interventions toward achievement of 85 percent coverage among vulnerable groups to help reduce malaria-related morbidity by 70 percent.	\$45	\$44	\$40
Water and Sanitation: Activities increase access to safe water and sanitation as well as promote hygiene best practices.	\$13	\$15	\$12
Combating HIV/AIDS: As part of the President's Emergency Plan for AIDS Relief (PEPFAR), activities with the Government of Ethiopia concentrate on HIV/AIDS prevention, care and support, and treatment including services for orphans and vulnerable children. PEPFAR also provides support to HIV-affected beneficiaries of other USAID activities in health and education.	\$36	\$74	\$69
HUMANITARIAN ASSISTANCE			
Emergency Assistance: Short-term emergency food and other relief commodities, health, nutrition, and water and sanitation activities save lives, alleviate human suffering, and reduce the economic impact of natural and human-made disasters.	\$159	\$171	\$474
ECONOMIC GROWTH			
Productive Safety Net: The Title II Development Assistance Program supports Ethiopia's Productive Safety Net Program/Household Assets Building Program. The program improves livelihoods of vulnerable households by providing food or cash for contributing labor to rural works such as water harvesting structures, farm-to-market roads and reclamation of arid lands.	\$106	\$92	\$109
Agricultural Development: As part of the U.S. Government's Global Hunger and Food Security Initiative, Feed the Future, USAID activities support efforts of the Government of Ethiopia to implement a comprehensive food security strategy to reduce hunger and increase economic growth through market-led agricultural development. This strategy aims to reduce hunger, improve nutrition and promote broad-based economic growth through agricultural development, loan guarantees, natural resource management, water and infrastructure development, land tenure security and disaster risk management. Feed the Future programming works in conjunction with the U.S. Department of Agriculture, Peace Corps and U.S. Geological Survey.	\$51	\$55	\$50
Energy: Under the Power Africa Initiative, USAID is facilitating private sector participation on energy generation in Ethiopia by strengthening the capacity of the	\$2	\$12	\$9

Government of Ethiopia to negotiate sustainable independent power purchase agreements and provide support for the establishment of off-grid/small-scale energy projects linked to the broader agriculture focused programs.			
Environment: USAID supports climate change adaptation with a goal of reducing vulnerability of people, places and livelihoods by building the adaptation capacity of the agriculture sector with a focus on pastoralists and productive safety net beneficiaries. USAID also supports the Government of Ethiopian to implement its Climate Resilient Green Economy strategy by providing appropriate technical assistance.	\$5	\$8	\$6
DEMOCRACY AND GOVERNANCE			
Governing Justly and Democratically: Promoting greater understanding and respect for human rights, accountable governance, legal aid and local capacity development for civil society groups.	\$0.3	\$2	\$2
Peace and Security: Activities in regional states support joint government civil society initiatives around conflict sensitive development, humanitarian and livelihood initiatives, which address root causes of inter-communal violence while feeding identified best practice into national level conflict management policies and implementation.	\$1	\$3	0
TOTAL USAID PROGRAMMING	\$546.3	\$594	\$896
